

User Management

This chapter provides users with essential tools to manage their accounts. It includes step-by-step instructions on creating a new account, filling in user details, and completing the KYC process. Additionally, users can learn how to leverage the app to become agents or merchants to perform financial activities. With clear guidance on each process, users can navigate through the app effortlessly, ensuring a smooth and efficient experience while managing their profiles and exploring new roles within the platform.

How to become a Merchant?

1. Login

Sign in to your Xprizo account using your login credentials, then click on your profile initial icon to access your account settings.

The image shows a mobile app login screen for Xprizo. At the top, the status bar displays the time 1:23, signal strength, Wi-Fi, and 70% battery. The Xprizo logo is centered. Below it, the 'Login' section includes a welcome message and two input fields: 'Login Account' (with placeholder 'Enter username, mobile number or email') and 'Password' (with a toggle icon). A 'Forgot Password?' link is next to the password field. A dark blue 'Login' button is below. Further down, there's a 'Not a member? Register' link and an 'Or Login with' section featuring a red circular icon with a white 'G'. The version 'Version 2.6.7' is at the bottom.

2. Add Wallet

To engage in transactional activities or manage funds, you must have a wallet integrated into your profile. Once added, transactions can be securely conducted directly from the user's account. To learn how to add a wallet, follow the provided link for step-by-step instructions.

[Add a New Wallet](#)

3. Add User Details

To initiate a merchant request to the back office, start by completing your profile details. This includes providing your name and address information. Refer to the provided link for a step-by-step guide on how to fill out your user details.

Complete User Details

4. Complete KYC

The next crucial step is to ensure KYC compliance by completing your KYC details. This involves uploading necessary documents for KYC verification, which will be reviewed by the back office. Upon approval, you will achieve KYC compliance status. Follow the steps outlined in the provided link for a comprehensive guide on completing the KYC process.

KYC Details

5. Send Merchant Request

- Click on the Merchant tab within the account settings to access the Merchant settings.

- Click the "Send Merchant Request" button to submit a request to the back office to become a merchant.

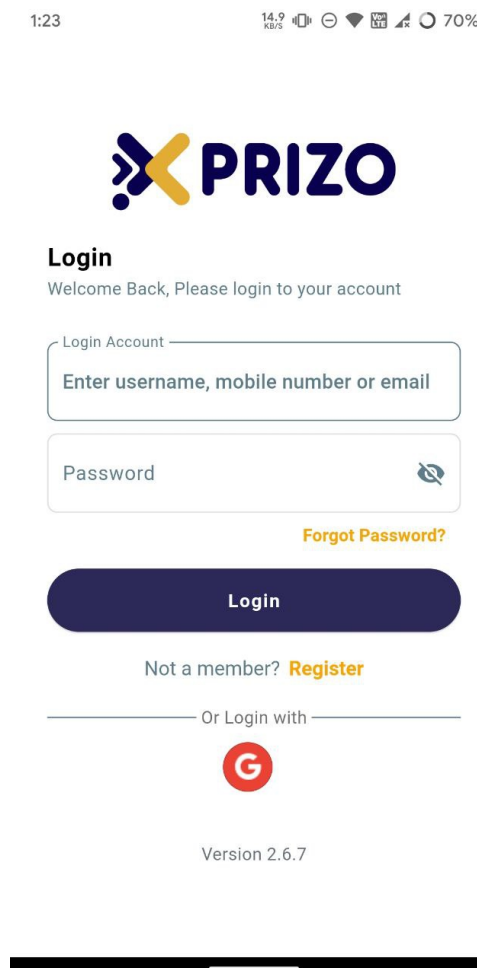

- Upon approval from the back office, your request to become a merchant will be processed, and you will be assigned the role of a Merchant.

How to become an Agent?

2. Add Wallet

For users to be able to engage in transactional activities and manage funds effectively, you must possess a wallet within your profile. With a wallet, users can securely conduct transactions directly from their account. To understand how to add a wallet, follow the link below for step-by-step instructions.

[Add a New Wallet](#)

3. User Details

To become an agent, you must first complete your profile details. This can be done by providing essential information such as your name and address. Follow the steps outlined in the link below to learn how to fill out your user details accurately.

Complete User Details

4. Complete KYC

Next, proceed to complete your KYC details to become KYC compliant. This involves uploading necessary documents for the KYC process, which will undergo review by the back office. Once your documents are approved, you will attain KYC compliance status. Follow the steps provided in the link below to initiate and complete the KYC process successfully.

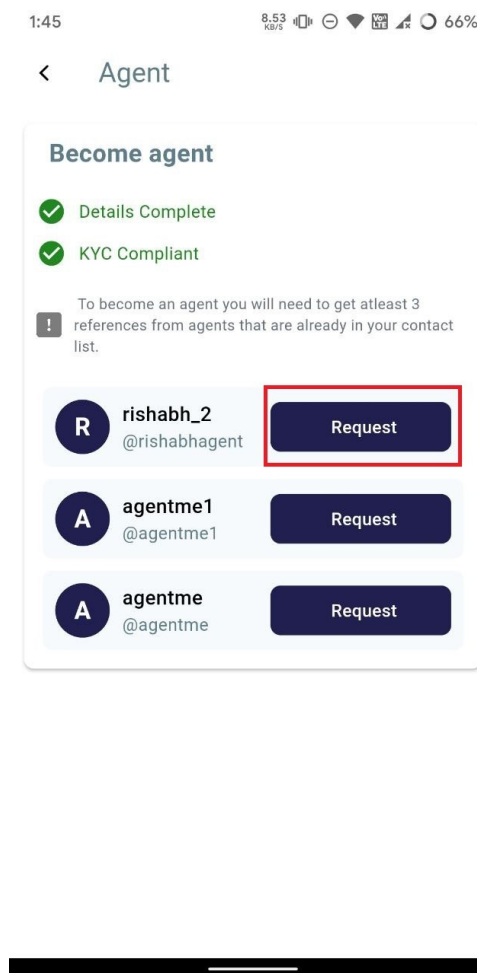

KYC Details

5. Get References

- After completing your details and achieving KYC compliance, navigate to your account settings and access the Agent tab.

- To become an agent, you will now need at least three references from agents already in your contacts list.
- To obtain the references, click on the "Request" button next to those agent contacts to request a reference for you to become an agent.

- You can also click on "Cancel" to retract your request for a reference from that agent regarding your agent application.
