

How to become a Merchant?

1. Login

Sign in to your Xprizo account using your login credentials, then click on your profile initial icon to access your account settings.

The image shows a mobile app login screen for XPRIZO. At the top, the status bar displays the time 1:23, signal strength, Wi-Fi, and 70% battery. The XPRIZO logo is centered. Below it, the text 'Login' and 'Welcome Back, Please login to your account' are shown. There are two input fields: 'Login Account' with the placeholder 'Enter username, mobile number or email' and 'Password' with a toggle icon. A 'Forgot Password?' link is below the password field. A dark blue 'Login' button is centered. Below the button, it says 'Not a member? Register'. A horizontal line with 'Or Login with' is above a red circular icon with a white 'G'. At the bottom, it says 'Version 2.6.7'.

3. Add User Details

To initiate a merchant request to the back office, start by completing your profile details. This includes providing your name and address information. Refer to the provided link for a step-by-step guide on how to fill out your user details.

Complete User Details

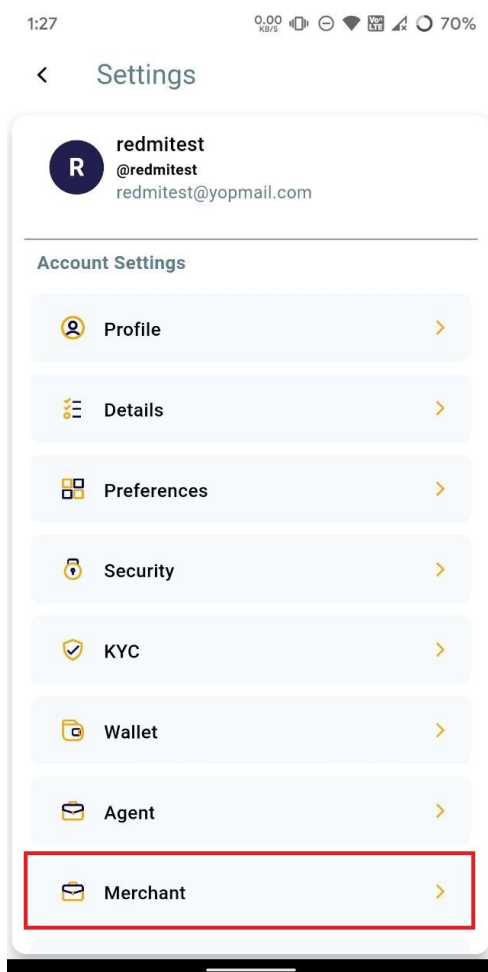

4. Complete KYC

The next crucial step is to ensure KYC compliance by completing your KYC details. This involves uploading necessary documents for KYC verification, which will be reviewed by the back office. Upon approval, you will achieve KYC compliance status. Follow the steps outlined in the provided link for a comprehensive guide on completing the KYC process.

KYC Details

5. Send Merchant Request

- Click on the Merchant tab within the account settings to access the Merchant settings.

- Click the "Send Merchant Request" button to submit a request to the back office to become a merchant.

< Merchant

Become a merchant

- ✓ Details Complete
- ✓ KYC Compliant

> Send Merchant Request

- Upon approval from the back office, your request to become a merchant will be processed, and you will be assigned the role of a Merchant.
