How to Request Payment from another user?

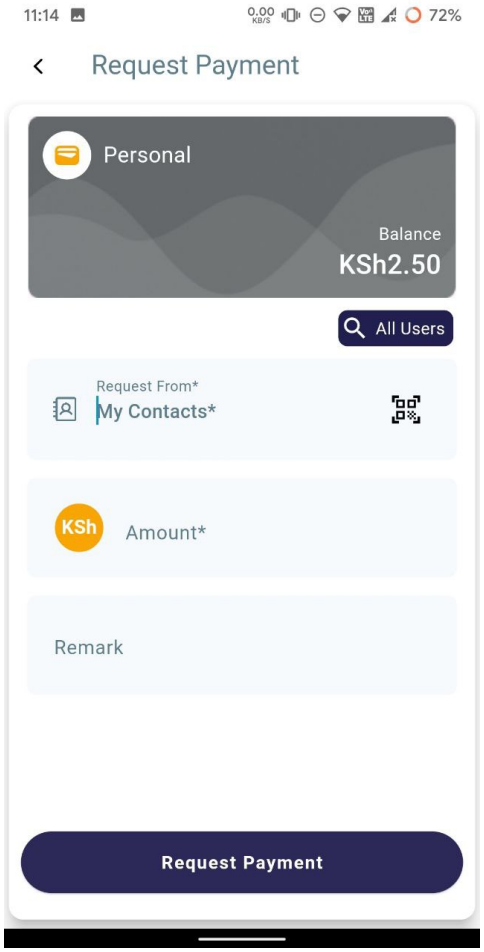

- Log in to your app using your credentials and click on the "More" ellipsis button.

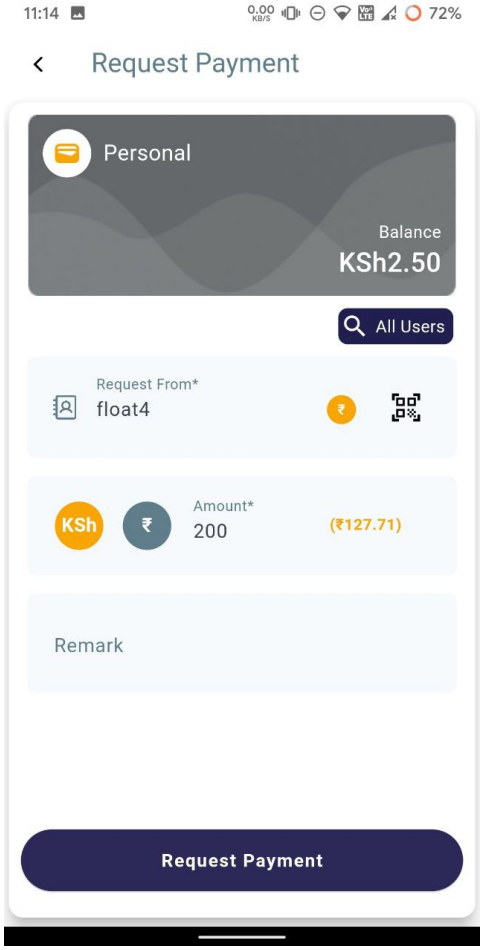

- Next, click on the "Request Payment" button on the bottom card.

- Then, search for the user in your contact list. If the user is not added, click on the search icon at the top to find them.

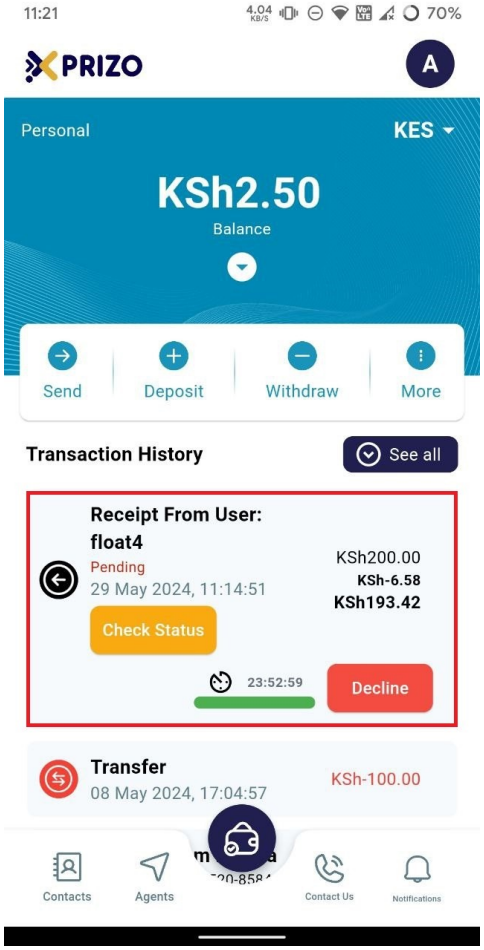

- Then enter the amount you want to request from the user. You can also add a remark if you wish.

- Once done, click on "Request Payment" to request the entered amount from the user.

- You will then be redirected to the dashboard screen, where you will see the requested transaction marked as pending.

- Once approved by the user, the amount will be added to your wallet.
