How to Create a New Account?

- Click on the Register button to sign up for XPRIZO.

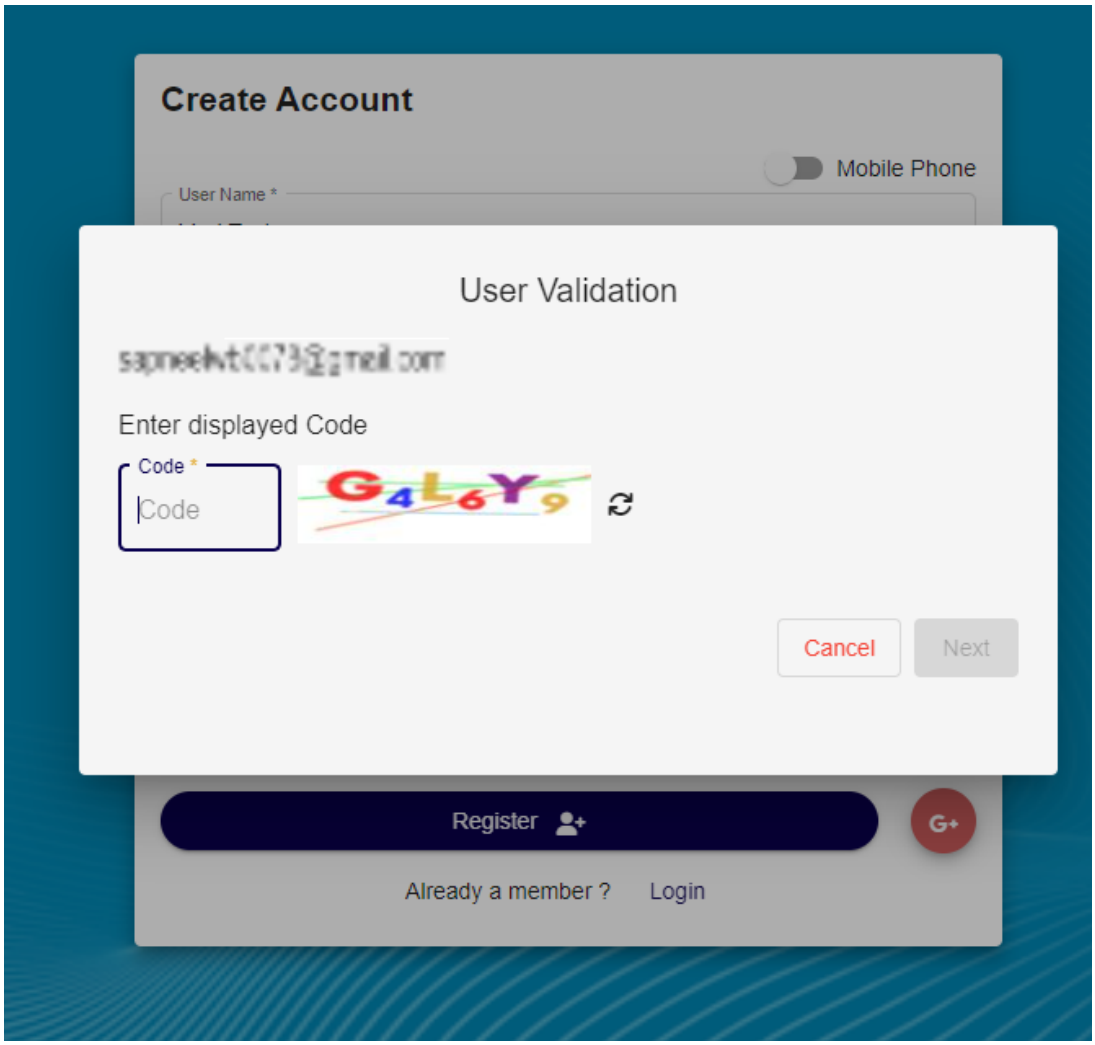

Note: To create an account in the Test environment click here.

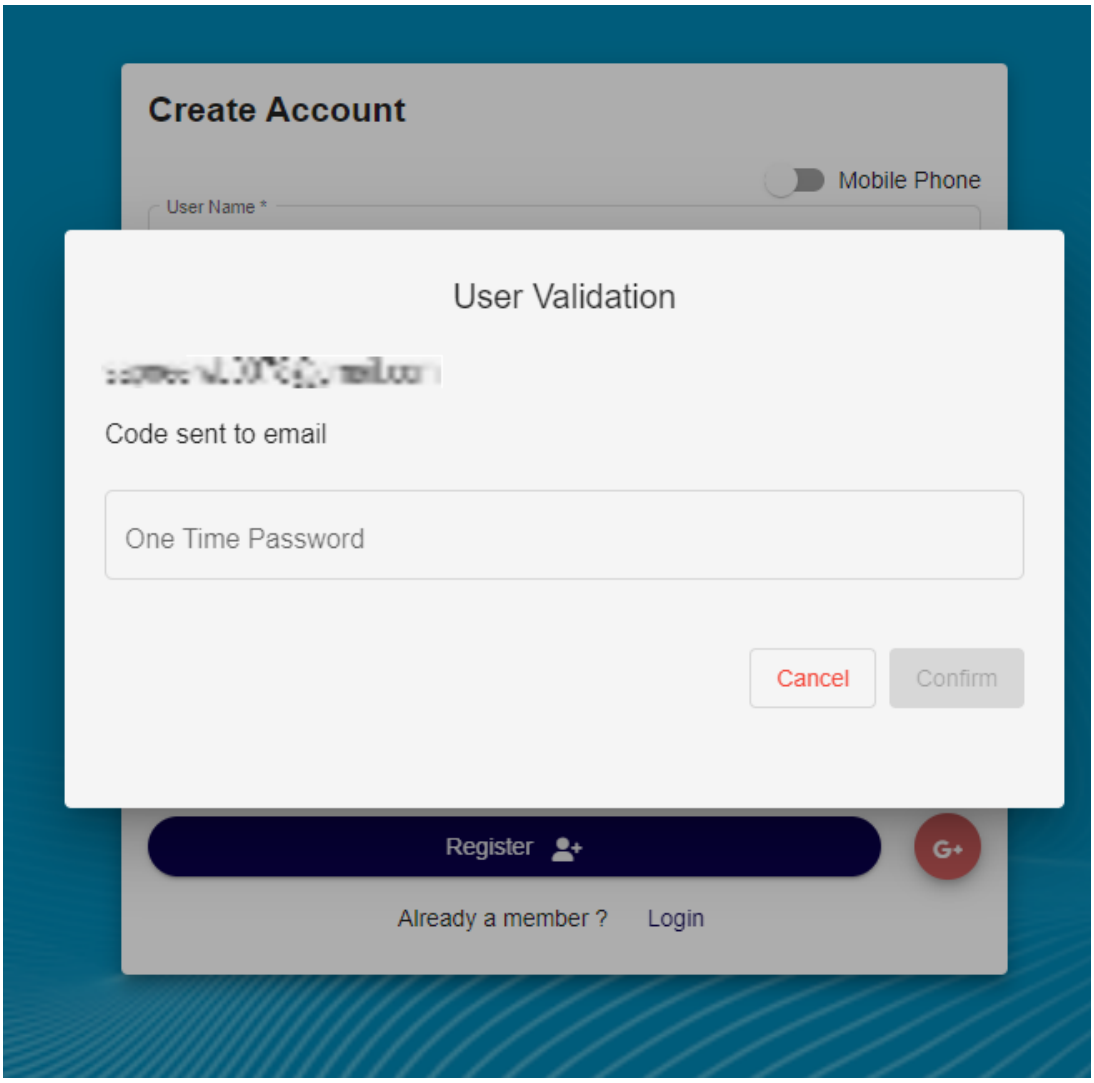

- To establish your account, complete the required information for email registration. Alternatively, for registration via mobile number, toggle the button accordingly. Users may also input a referral code if referred by someone.

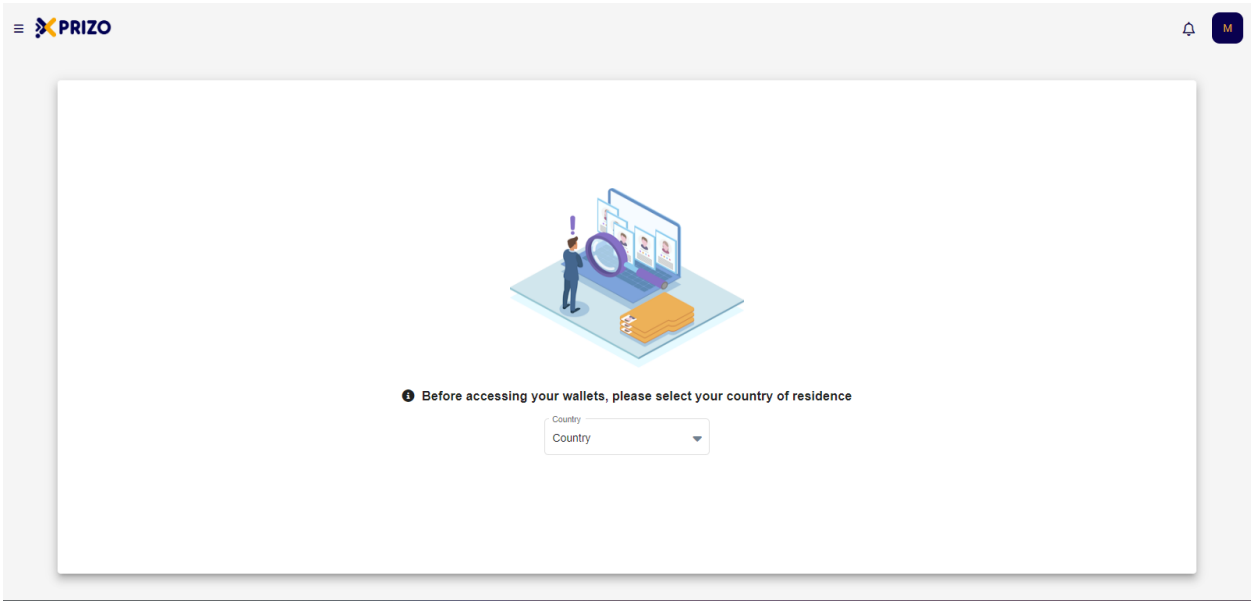

- Enter the code displayed to validate the email or mobile number.

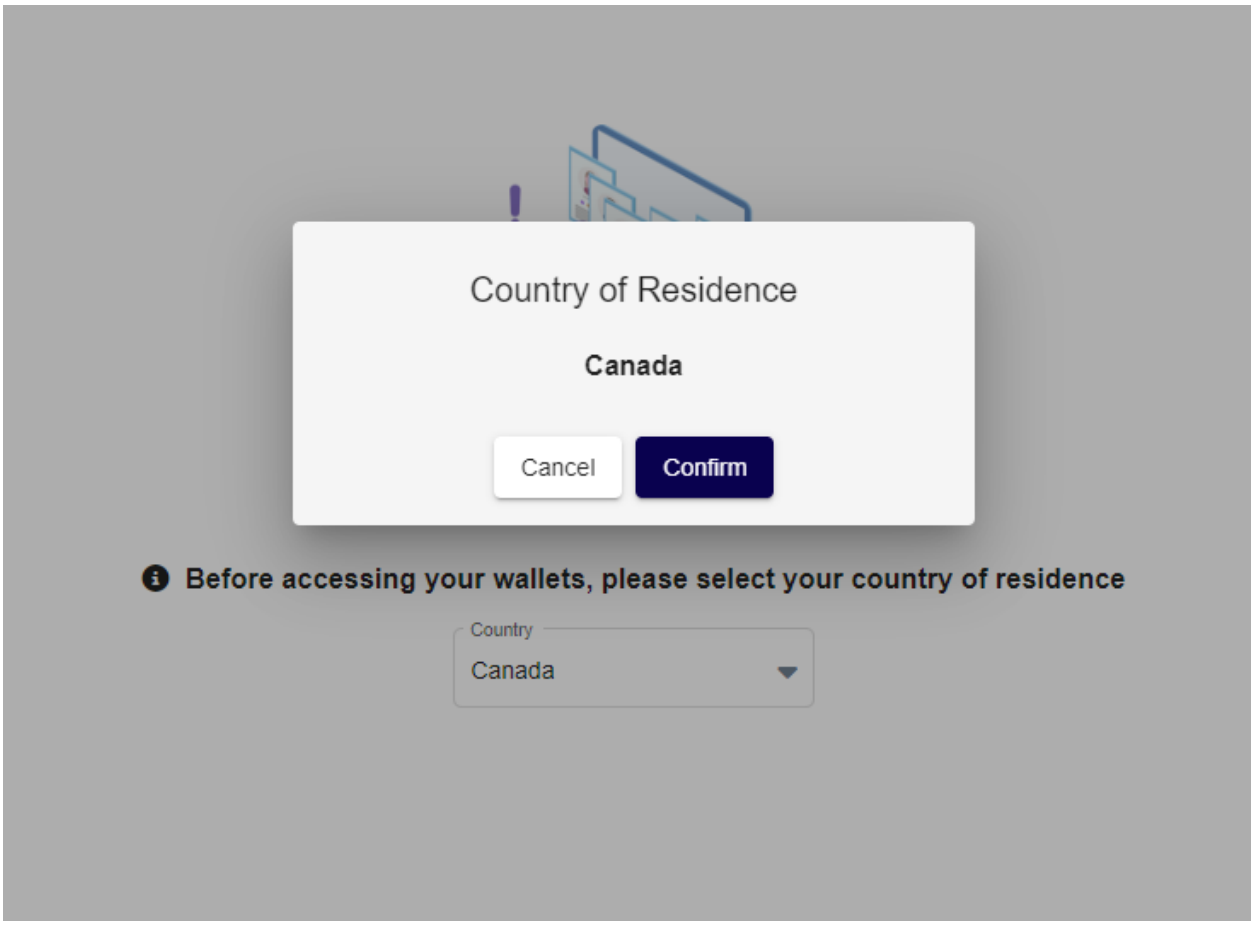

- Subsequently, input the One-Time Password sent to either your email or mobile number to finalize the validation process.

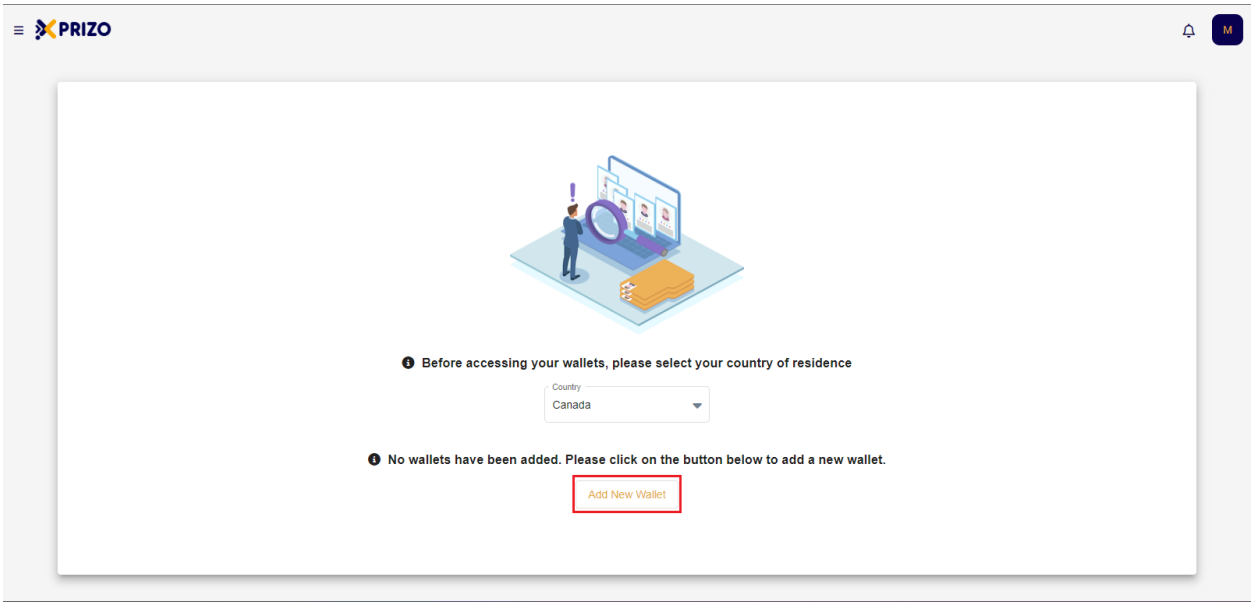

- Upon successful registration, users will be logged in and prompted to choose their country of residence before gaining access to their wallets.

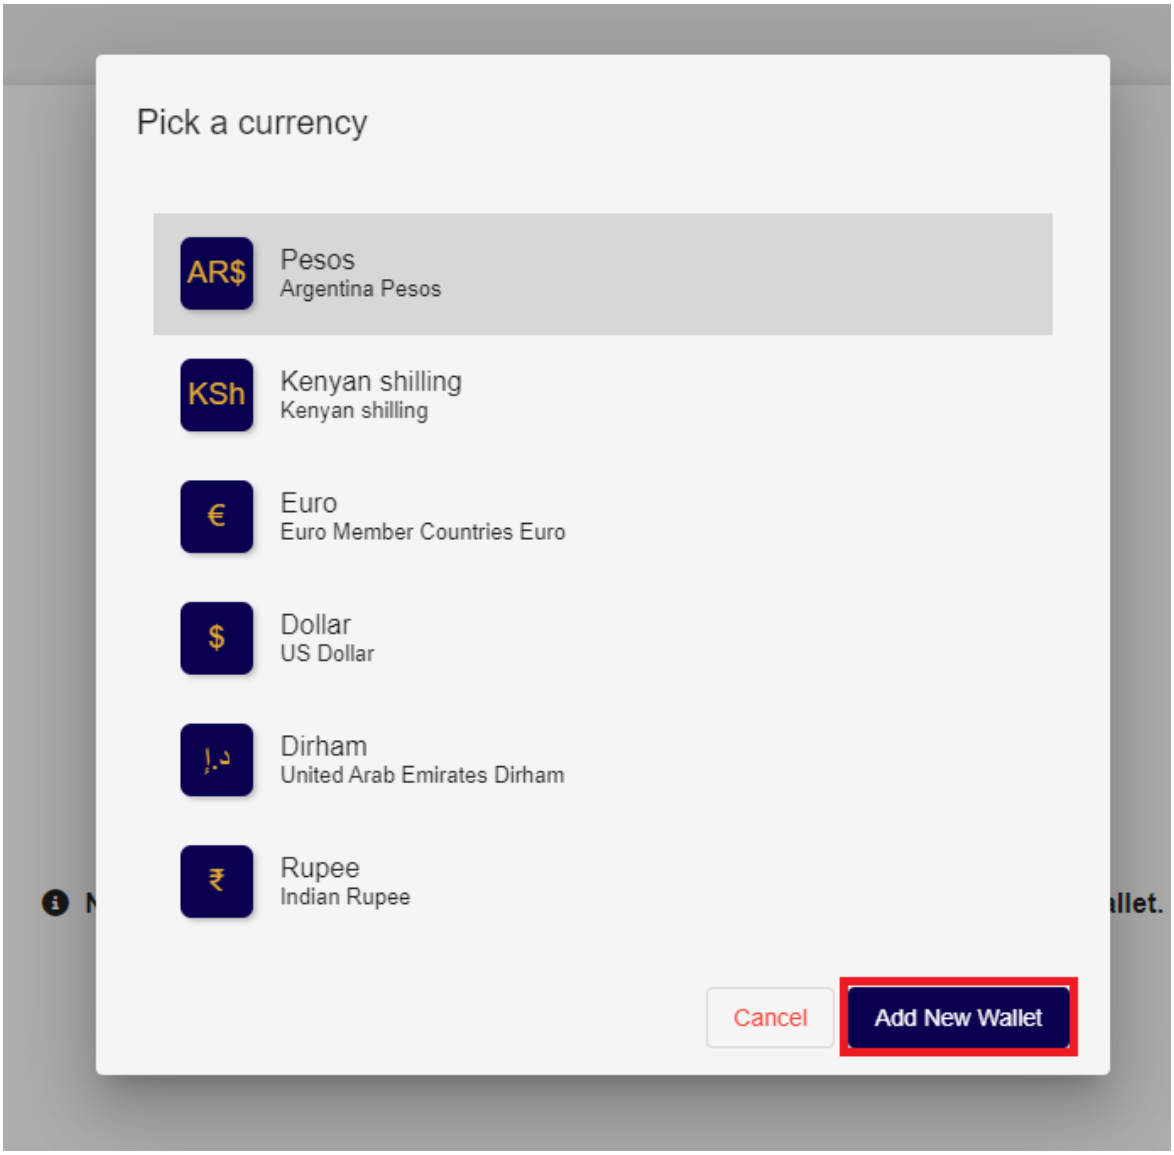

- Choose your country from the dropdown menu, and affirm your selection by clicking the "Confirm" button.

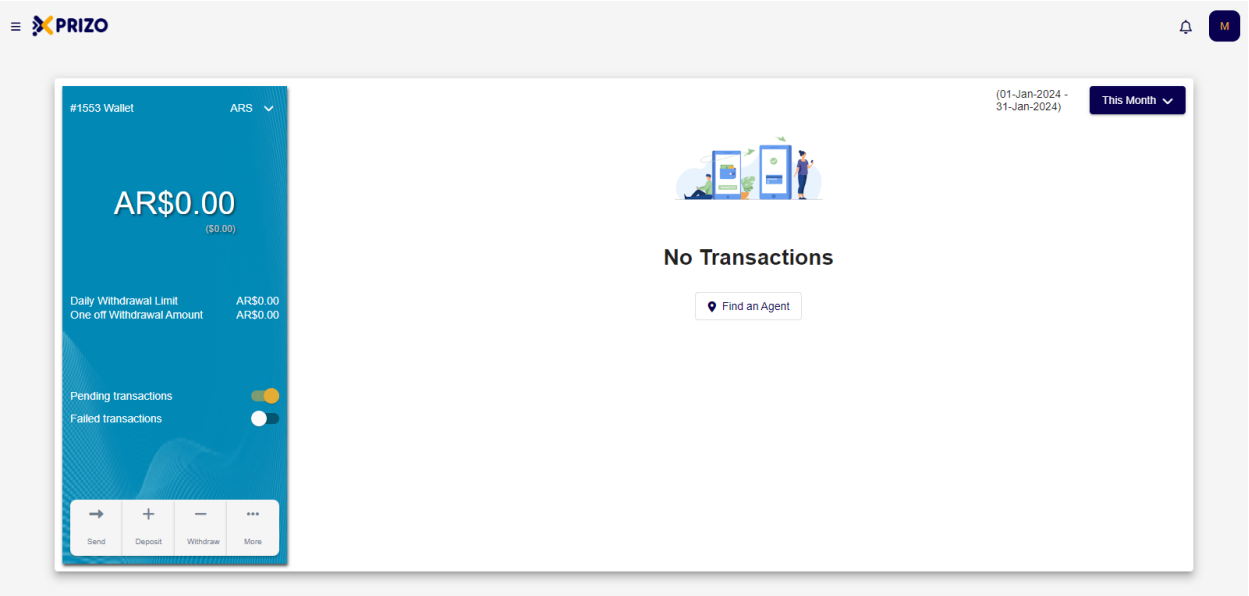

- After selecting the country, users need to add a new wallet by clicking on the "Add New Wallet" button.

- Following that, users should choose the wallet corresponding to the desired currency and then click on "Add New Wallet" to incorporate the wallet in the selected currency.

- Upon successfully adding the wallet, users will be directed to the home screen, providing them access to the wallet.
