How to do Wallet to Wallet Transfer?

- Sign in to your account using your login credentials.
- To transfer funds from one wallet to another, click on "More."
- Choose "Wallet Transfer" to initiate a transfer from one wallet to another, enabling you to move funds between your wallets.
- Choose the wallet where you want to transfer your funds.
- If the selected wallet uses a different currency, the entered amount will be automatically converted to that currency for the transfer.
- You also have the option to include comments with the transfer you're initiating.
- After completing the necessary details, click on the "Wallet Transfer" button to initiate the transfer of your funds.
- Afterward, you will be redirected to the dashboard to view your recent transactions.
- To finalize the transaction, click on the checkmark. If you wish to decline the payment, click on the cross.

- Once completed, the funds will be transferred to the other wallet.
